Los Angeles Regional Water Quality Control Board

October 25, 2018

Mr. Kevin Brown, General Manager
City of Ventura - Ventura Water
P.O. Box 99
Ventura, CA 93002-0099

Dear Mr. Brown,

COMPLETE REPORT OF WASTE DISCHARGE (ROWD) FOR NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT – CITY OF VENTURA, VENTURA WATER RECLAMATION FACILITY (ORDER NO. R4-2013-0174, NPDES NO. CA0053651, CI NO. 1822)

On July 5, 2018, the Los Angeles Regional Water Quality Control Board (Regional Water Board) received a Report of Waste Discharge (ROWD) for renewal of the National Pollutant Discharge Elimination System (NPDES) permit for the Ventura Water Reclamation Facility (VWRF) Order No. R4-2013-0174. On August 3, 2018, Regional Water Board staff requested additional information, and the City of Ventura submitted an addendum to the ROWD on October 15, 2018. Regional Water Board staff have reviewed the submitted information and determined that the ROWD is complete.

Tentative waste discharge requirements will be prepared for your discharge and are scheduled for consideration by this Regional Water Board at the February 14, 2019 Board meeting. You will be sent a copy of the tentative requirements and an agenda notice prior to that meeting.

If you have any questions, please contact me at (213) 576-6616 or Elizabeth Erickson at (213) 576-6665.

Sincerely,

Jeong-Hee Lim, Ph.D. P.E.
